

Photography Tuition with Daniel Bridge

Photography Workshop – 'Sea and Shore'
The Naze Education and Visitor Centre
Saturday 26th September 2020 – 1.30pm to 7.30pm

Daniel Bridge is running a one-day workshop designed to help you get more from your coastal photography, exploring composition, subject matter, long exposures, lighting, weather, and more.

You're happy using your camera, you know what ISO is, and how and why to change your aperture, and the effects caused by differing shutter speeds. You ideally own a tripod, and would like to explore the variety of shots just waiting to be made when you're on a beach, either looking out to sea, down at your feet, or at the structures found along the coast. With a slideshow and discussion in the afternoon, using a range of examples shot at the Naze, Wales, and Norfolk, Daniel will explain the techniques used, how and why the shots were taken as they were, and key composition ideas.

Aims of the Day

To improve your coastal photography! There's a huge range of images that can be created when you're at the beach, and we'll look at how to see the potential there, envisage what can be achieved, improve the composition, and be more creative.

What you need to know

A basic understanding of your camera will be very helpful, as knowing how to change aperture, shutter speed, and other settings is fundamental to this workshop. Have a look at the 'Know The Basics' Workshop if you feel you need help with this aspect.

What you need to bring

A camera! Any sort of camera is fine for this workshop. Whilst some techniques will be more appropriate for SLRs, compact cameras allow you to do most of what we cover.

A Tripod. It will be a huge advantage, so if you have one, bring it! There will be compromises to the images if you don't have a tripod, I have one that you could share, but think about investing in a decent one, they're hugely useful.

Memory Cards/Spare Batteries. We'll be trying many different techniques and it would be a shame to feel limited by the number of exposures you could take. Ensure any batteries are fully charged!

Any lenses/accessories you may have. You never know when you might need them.

Footwear and Clothing suitable for a walk on the beach. Including wet weather gear.

A Snack. Snacks are not included in the cost of the day - please remember to bring something with you to eat.

Itinerary

The day starts at 1.30p.m. at the Visitor Centre, at the Naze.

The afternoon session consists of a classroom based slideshow and discussion about techniques, subjects and equipment.

After a short snack break at around 4.00pm, we will go down to the beach to explore what we have covered indoors, allowing some one-to-one time with each participant. We will stay at the shoreline as the tide comes in until around 7.30pm, completing the workshop.

Where To Go

The workshop takes place at:

Essex Wildlife Trust
The Naze Education and Visitor Centre
Old Hall Lane
Walton-on-the-Naze
Essex
CO14 8LE

Tel: 01255 679379

Email: naze@essexwt.org.uk

How To Book

The cost for the day is just £60.00 and booking is essential.

Please ring the Essex Wildlife Trust Visitor Centre at the Naze on 01255 679379 to book your place.

~

We look forward to seeing you on what promises to be a fun and informative day, in the beautiful scenery of the Naze.
